alumnye — Release Items

Version 1.3.2

Sign-in Flow, Welcome Screen & Poll

Release Overview

Release Version: 1.3.2
Module: Onboarding & Authentication, Poll

1. Splash Screen & Sign-in Flow

Changes to button ordering and social sign-in options across the splash, sign-in, and welcome screens.

Sign-in Screen – Button Placement

Current:
"Sign in with Google" and "Sign in with Apple" options placed above the "Sign In" button.

Version 1.3.2:
The "Sign In" button is moved above; "Sign in with Google" and "Sign in with Apple" options are moved below.

Sign-in Screen – Divider Label

Current:
"or use email"

Version 1.3.2:
"or"

Welcome & Create Account Screens – Social Sign-in

"Continue with Google" and "Continue with Apple" options are removed from the Welcome and Create Account screens.

2. Poll Fixes

D4 Poll – "Cohort" Label

The word "Cohort" is removed from two places on the D4 Poll.

Custom Poll – "Manually" Label

The word "Manually" is removed from the Custom Poll option.

3. Poll Destination – Indian Cities

Improvements to the Domestic city selection list under Poll Destination.

Dynamic City List

Additional Indian cities are added dynamically from the backend under Poll Destination – Domestic selection.

Alphabetical Sorting

The Indian cities list under Poll Destination – Domestic is sorted in alphabetical order.
